

SHINE LEGACY SOLUTIONS

One Partner. Multiple Solutions.

01 — EXECUTIVE SUMMARY

Shine Legacy Solutions is a project solutions company serving government, commercial, and industrial clients. We coordinate construction, facility services, building systems, and specialty trades through a single accountable point of contact—bringing planning, scheduling, communication, and execution together under one contract.

Our operating model reduces coordination across multiple vendors while maintaining clear communication, organized project execution, and a structured approach from planning through closeout.

One point of contact. Coordinated execution. Clear communication throughout the project lifecycle.

03 — WHY SHINE LEGACY

Factual reasons an owner can consolidate a multi-trade requirement under one award rather than managing separate vendors, schedules, and paperwork.

Single Point of Contact

One representative owns the scope, the schedule, and the reporting for the full award.

Service-Disabled Veteran-Owned Small Business

SDVOSB classification supporting small business participation on federal requirements.

Government, Commercial & Industrial Project Delivery

Work performed in occupied, secure, and production facilities — not residential work.

Coordinated Multi-Trade Delivery

Construction, systems, facility, site, and specialty trades sequenced under one plan.
